

INDUSTRIAL HYGIENE LABORATORY ORDER FORM

Complete this form when requesting your company’s personalized spyder-site. The following information is necessary to custom design your site.

Our professional spyder-site development staff can incorporate photos into your site to help make it more unique. Please include several photos (optional) that you would like to have included in your spyder-site.

- Number of employees, hours of business (1st shift, 2nd shift, 8AM-10PM E.S.T. etc.), maximum capacity (ie.200 samples/day, etc.)

- Types of testing performed (ie. Air, Water, Soil) _____

- Types of analysis performed (ie. EPA Solid Waste, SW 846, NIOSH, Drinking Water, etc.)

- Special services (ie. Mobile lab capabilities, Dioxin testing, Sampling services, Air monitoring services, Asbestos testing, etc.) _____

- Special equipment (ie. GC/MS-SIMS, GPC, etc.)_____

- Years of experience. _____

- State licenses and certifications. _____

- Significant project experience (ie. Participated in Superfund cleanup, CLP expertise, etc.)

- Statement of Qualifications / Company Brochure. Please include any available promotional literature you may have for your company. We can use your SOQ to customize your spyder-site.

When requesting a spyder-site, please complete this form and mail it to the following address (please remember to include any available company literature). To expedite your order, please fax the completed form and up to two additional pages of information to 860.742.7866. Please do not fax photographs or Special Graphics. This type of information must be sent either electronically (via e-mail or diskette/CD) or submitted in photo quality print for scanning.
